8 foot	96 3/8 (2448)	7 (178)	44 1/2 (1131)	24 (610)
12 foot	144 1/2 (3670)	7 (178)	44 1/2 (1131)	24 (610)

Note: Overall case length without ends or partitions

Note: Please use Husmann's technical data sheets to get precise dimensions for all store layout purposes.

Straight Glass With Large, Stainless Steel Top Display Surface

The SSGVE offers a traditional straight glass design with large, stainless steel display surface on top. This provides plenty of extra room for customer service and/or for displaying signs or related products such as seafood sauces, spices, etc.

Advanced Design

The SSGVE incorporates advanced features and benefits, including modular coils, superior energy efficiency, modular case design, durable bumper, and factory pre-adjusted expansion valves.

Reduced Refrigerant, Fewer Leaks

Patented Husmann modular coils require 50% to 60% less refrigerant. Also, all return bend solder joints have been eliminated, which greatly reduces the possibility of refrigerant leaks.

Options

Options include third row canopy lights, stainless steel ice pans, scale stands, thermometers, mezzanine shelves and wrapping board. (Lighted mezzanine shelves not available on this model.)

NSF Certified

The SSGVE has been NSF certified to ANSI/NSF standard 7.

NOTE: These merchandisers are designed for use in stores when temperature and humidity do not exceed 75° F and 55% R.H.

NOTE: (We reserve the right to change or revise specifications and product design in connection with any feature of our products. Such changes do not entitle the buyer to corresponding changes, improvements, additions, or replacements for equipment previously sold or shipped.)
